

My name is Michael McCarragher and I am running for the White Horse Park Board of Directors.

I have owned three properties in WHP since 1988 and I currently own 187 Timberline Circle.

I presently work for a Property Management Company in Ocean City running a 136 Unit Condominium Complex, which are all privately owned. I am responsible for recognizing the problems that arise and resolving them for the owners.

Prior to my present position, I owned and operated my own Home Improvement business for seven years, performing all duties required for home maintenance. In the twelve years before that, I worked for the Town of Ocean City in the Maintenance Department.

With my experience and background, I feel I would be an asset to White Horse Park. I have some good ideas regarding the future and am aware of the problems in the Park.
