

My name is Arliss (Bud) Hefflin. I live on Pine Cone Drive. My wife, Connie, our black lab, Jake, and I have returned to White Horse Park for a second time. We are enjoying ourselves as we did the first time that we lived here. I feel my background will help to keep the park moving forward along with the other Board members.

I retired from Hahnemann University Medical School, in Philadelphia, PA, as assistant Dean for University Student Life.

I served on the Board of Directors of Palmyra Harbour Condominium Association in New Jersey.

I was also elected to town council in Barrackville, West Virginia in 2012.

I am currently a member of the VFW and the American Legion having served in the West Virginia National Guard and the United States Navy.

I will give my best as I did for my past positions. I would like to ask for your vote and support.

Thank You,

Bud
