

## **Park Manager's Report**

**7/10/2018**

**Sewer Pump** - We are having trouble with the main sewer pump (the one behind the pool). Atlantic pumping has been here several times to pump out the well. They cannot do a pump that large, so I had to call Hills in Linkwood. That is where we have been buying our small pumps. They have a boom truck capable of lifting the large pumps out of the well. They should be here today (hopefully early afternoon). I will let you know when I have more information.
