

**Pool** – Lifeguards on duty. Normal hours 10am – 8pm. Not sure about longer hours during weekends yet.

**Cleaning Services** – We have 3 bids and 1 offer from cleaning services companies. The BOD will be discussing this in the next few days.

**Accounting Services** – The BOD is currently looking into various options to retain our current accountant.

**ECC Committee** – Started inspections.

**Road Surface** – We had a new sinkhole appear over the front road on Wednesday. Doug is filled with gravel. We will be getting steel plates over road surface until work begins. At this time, we are waiting on non-tidal wetland information from Maryland Department of Environment. We are hoping for work to start in July.
