

1 – Continental Pool was here twice - Once to prepare the pool & winterize it, and once to cover the pool. Dave said he would send a proposal to us for next year.

2 – We received the lien on lot #255 from the attorney.

3 – Ed & Doug replaced the bulbs in the street lights.

4 – Delmarva Custom Spraying was here to treat the phragmites. Sue Naplachowski showed them the trouble spots.

5 – I contacted two other pool companies to request proposals for next season. I told them to have the proposals to me before 10/05 so that we would have time to review them before the next BOD meeting.
