

As I stated in the March newsletter, a group of homeowners has filed a petition with the County for a text amendment to allow up to 25% of the homes to be occupied on a full time basis by occupants 55 years and older. The meeting concerning this matter with the County Zoning Board scheduled for April 4, 2019 has been postponed; until most likely sometime in May.

Soon after I learned of this postponement, I received a call from Commissioner Bunting concerning this. He told me that the WHP Board has not done enough to enforce the seasonal occupancy restrictions. If the County doesn't approve the text amendment proposed by the group from White Horse Park, he is planning to introduce his own text amendment to close the park for four months in the winter from October 31 to March 1.

I wanted to keep everyone informed of things could affect the whole park.

Sincerely,

Brian Fenstermacher
President
