

Gate Passes

10/25/2012

WHP is a Gated Community

Years ago there was discussion to eliminate guards at the gate. The WHP owners shouted out against this. They wanted to feel safe and secure. For safety and security reasons the gate system has been up graded.

There are quite a number of reasons for WHP to go to the new gate passes. Below is a few of them:

- Over 4,000 cards floating around - WHP has 465 units.
- Security
- Emergency vehicles

To whom will gate passes be given?

- One gate pass will be given to each lot. One additional pass will be \$5.00. If another pass is given it will cost \$15.00. It doesn't matter how many names are on the deed. If there is one name/one card, 3 names on deed means 1 free gate pass; \$5.00 for second and \$5.00 for third gate pass.
- Cards will not be issued to non-owners.

How the system works:

All cards are registered with the office. The cards will correspond to each unit. Every swipe of a card is recorded.

All personnel not having a card will sign in at the office or guard house.

Remember **ALL guests, visitors, contractors and renters **MUST** sign in at the office before entering the park.

- If a visitor will be staying for more than 1 day a visitor pass will be issued to be hung on the car mirror.
- Renters: must sign in at the office.
- Guards will no longer pop the gate open for anyone without signing in. **NO** exception.

WHP desires and **deserves** to be a safe, secured community.
