Update to Litigation Status

*Hello WHP Neighbors!*

*There is a court date scheduled for our community on 8/25/2020. I asked our attorney to provide a statement that I could share, with all of you, to attempt to explain what is happening. I received this response:*

The hearing next week will be in Court with limited attendance. Judge Daniel Long, a retired judge, will preside. The pending motions will be argued: The County's Motion to Dismiss or for Summary Judgment; the Park's Motion for Summary Judgment; and the Plaintiffs' Motion for Summary Judgment. The Motions have the same goal: to obtain a ruling from the Court that would eliminate the necessity of a trial. I doubt Judge Long will make a decision on August 25, but I think he will make a decision within 30 days. I doubt that any of the motions will be granted, which means the case will go to trial and witness testimony and exhibits will be presented.

*Let's hope for a resolution, soon, so that we can move forward and heal, with this matter resolved.*

*Take care,*

*Melissa*
