Attended private school at St Mary's Academy, Leonardtown, Maryland, and took additional courses at Montgomery College.

WHP BOD member from 2011-2018. Secretary 2011; President 2013-2018.

WHP Committees & projects: Playground, ECC, Ice Cream Socials, and clubhouse.

Negotiated contracts for trash (\$10,000.00 savings), Laundry card system (\$3,000.00 refund), lawn company, security company, gate card system. Worked on marina renovation.

Physical improvements to Park: Pavilion at clubhouse, major repair to maintenance building, replaced fences, monitor camera system, roofs on both bathhouses, new sewer pumps.

Billing all 465 units for cable and individual units to pay for county assessment for water & sewer. Paid off all marina loans with no assessment to owners.

Contributed to Reserve funds; all of the above with dues remaining at \$90.00

My aim for running for the Board is to restore monthly meetings, monthly financial statements, review the budget and dues assessment. Try to restore cooperation and trust among ALL members for the benefit of the Park. Major decisions for the Park to be made at open meetings, with owners' input.

I have volunteered and served on the Board more than any candidate and feel the direction the Park is being taken in is NOT for the benefit of the Park in the long run. I invite you to contact me at my e-mail address with your concerns and suggestions.
