My husband and I purchased our home in White Horse Park in 2013. We loved everything about the people and park and because everything was so perfect, we weren't involved more than attending park functions.

Over the last year, the park has experienced changes that make me uncomfortable.

As a board member, I bring to the table a number of fresh, new ideas to bring our park back to a "happy place". But more importantly, I have an open mind and open ears. This is **our** park and must be run as such. Decisions need to be brought to the membership to be made as a group, not a board of 5. Meetings need to be held monthly, if not in person, by some form of media. And ALL questions need to be answered, not ignored.
