BIOGRAPHY:

I live in Gardners, Pennsylvania and have been married to my husband since 1993. I have worked for the PA House of Representatives as a Legislative Assistant for over 25 years.(From 1984-1997 and then again from 2007 to present) During the 10 year break in my career I was a stay at home Mom to our girls and I drove a school bus for 6 of those years. Our three girls are ages 19-25 and have always loved going to the beach. From the first time that we stayed in White Horse Park (as weekly vacationers) we knew that we wanted to someday buy a place here to enjoy with our Children and eventually our Grandchildren. God blessed us with a place much sooner than we ever expected. We purchased our place at White Horse Park in November of 2016 and have enjoyed making many memories with family and friends here.

OBJECTIVE:

My intent in running for a seat on the BOD is to do my part to keep White Horse Park a thriving Community where everyone can come and relax. With all the turmoil and division that has taken place over the last few years I would like to be part of the team that works to bring White Horse Park back to what it was always intended to be, a beautiful place to come and enjoy any time of the year. I am hopeful that after the court rules on the residency issue, we can get back to some civility where neighbors look out for one another and can get along even when they have differences of opinion.

If elected to the BOD I can't promise that you will always agree with the votes I cast but I can promise that I will always be a straight shooter and will vote in a way that benefits the owners of White Horse Park as a whole. I will always be open to having a conversation with other Members of the Community about ideas and concerns they have for White Horse Park, whether in person or electronically as long as it is done in a constructive manner. If we all work together we can reach a common good. I would appreciate your consideration and favorable vote at election time.
