

Board Appointment Announcement

4/1/21

Hello Everyone!

The Board wishes you well and hopes that you have a beautiful Easter Weekend! Our e-mail blasts with responses to inquiries will be sent out over the next couple of days. We apologize for the delay in our responses.

The Board ran into a bit of a hiccup on 3/24/21. We had originally unanimously decided to remain a Board of 3, until our election on June 26, 2021. This did not please several owners. As a result, our Board of 3 spoke last night, 3/31/21, and we agreed to appoint 2 more Board Members.

After discussing the several people who have volunteered, the Board decided to appoint John Nethken and Mike Bivona. John has been president of the BOD in the past and has a wealth of knowledge to offer. Mike is a fairly new owner and as such can offer a new perspective to our team. We are thankful to all who have reached out, and this Board will continue to work hard to serve our community well.

We would like to take this opportunity to THANK John and Mike for joining our team.

The Board has also agreed to appoint an adviser to assist the board in matters related to compliance with Declarations and By-laws. Ric Smith has been appointed to advise us and help us as needed. THANK YOU Ric, for your service to our WHP Community!

The main focus of our Board, over the next 2 months, is on matters related to the Annual Meeting and Election, along with preparing for the litigation. We are thankful for all of the owners who are volunteering, encouraging, and supporting us through these challenging times.

We wanted to make sure that everyone had this news of new appointments as soon as we could provide it. We look forward to being a productive team moving forward !

Sincerely,

Melissa Peters

Acting President
